LIST #45

FRED A. STEWART, INC.
8606 E. LAS TUNAS DR.
SAN GABRIEL, CALIF.

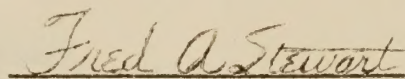

We are pleased to present this special listing of our newest and finest Cymbidium crosses.

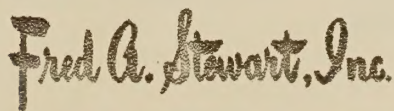

For years the name STEWART has been synonymous with fine quality in orchids. Such names as Lillian Stewart, San Francisco, Bengal Bay, Flirtation, Great Day, California and Bali have become hallmarks of quality wherever fine orchids are discussed. It is generally recognized that wherever fine Cymbidiums are desired, you cannot buy finer Cymbidiums anywhere at any price than the crosses which we offer at STEWARTS. This listing is of special value because of the number of new crosses that are offered. We find it hard to visualize a more promising red cross than #1598, Saigon, 'Cherry' x Babylon, 'Castle Hill', FCC/RHS. There should be brilliance and intensity of color, as well as floriferousness and general vigor in this cross. In contrast is our #1592, Esmerella x Balkis, 'Silver Orb', AM/AOS, which we expect will be especially delicately colored in light yellows, light greens, creams and pinks. #1437, Joan of Arc, is sure to be one of the great new crosses. We flowered the first few this Spring and their breathtaking beauty and great promise were just a prelude to the wonderful new things that shall come from this cross. Pre-eminent is our #1480, Lillian Stewart, considered to be the World's most awarded new Cymbidium. This cross comes almost entirely in beautiful shades of pink clear through to white and an occasional red. We have unflowered plants available in this cross.

This listing also shows the exact sizes in which we currently have the various listed crosses. In plants larger than 2 bulbs, we generally have plants available in spike in fall and winter. We shall be happy to offer the exact availabilities on application.

Of especial interest to many of our customers will be the names which we have registered for a number of our newest crosses. #1513, Persian Carpet, #1471, Khyber Pass, #1527, China Sea and #1530, Trade Winds are but a few of these newly registered crosses.

Whether you wish to purchase one plant or a house full, we are confident you will find exactly the types and colors you desire. Of course, as always, we shall be very happy to answer any further questions or make any recommendations that you might desire.

We are pleased to present this special listing of our newest and finest Cymbidium crosses.

For years the name STEWART has been synonymous with fine quality in orchids. Such names as William Stewart, Ben Thompson, Bessie Day, Elfrida, Great Day, California and Bell have become hallmarks of quality wherever fine orchids are discussed. It is generally recognized that wherever fine Cymbidiums are desired, you cannot buy finer Cymbidiums anywhere at any price than the crosses which we offer as STEWARTS. This listing is of special value because of the number of new crosses that are offered. We find it hard to visualize a more promising trend cross than #1208, Saigon, 'Cherry' x Babyton, 'Castle Hill', #1209. There should be brilliant and intensely of color, as well as floriferousness and general vigor in this cross. In contrast to our #1202, 'Lamarella' x 'Belknap', 'Silver-Orchid', #1203, which we expect will be especially delicately colored in light yellow, light green, cream and pink. #1204, 'John' of #1205, is sure to be one of the great new crosses. We flowered the first few this Spring and their breathtaking beauty and great promise were just a prelude to the wonderful new things that shall come from this cross. 'Pro-spectus' is our #1206, William Stewart, considered to be the world's most awarded new Cymbidium. This cross comes almost entirely in beautiful shades of pink clear through to white and an occasional red. We have unfettered plants available in this cross.

This listing also shows the exact sizes in which we currently have the various listed crosses. In plants larger than 2 bulbs, we generally have plants available in spikes in fall and winter. We shall be happy to offer the exact availability on application.

Of especial interest to many of our customers will be the names which we have registered for a number of our newest crosses. #1211, 'Peterson' x 'Ginger', #1212, 'Kynner' x 'Lass', #1213, 'China' x 'Lass' and #1214, 'Trade Winds' are but a few of these newly registered crosses.

Whether you wish to purchase one plant or a house full, we are confident you will find exactly the types and colors you desire. Of course, as always, we shall be very happy to answer any further questions or make any recommendations that you might desire.
